Locofo Chaps is dedicated to publishing politically-oriented poetry.

Chicago, USA, 2017

1-DON'T SAY HIS NAME (WITH SPENCER SELBY)

i never panic when they say get the hell out of here
write a response like vulnerability

nuclear is too old for me
i have to impeach a
suppository

elected in my basic hating
don't say his name

negative

i want everything
i want to feel and
embrace the highest
order

let me imply misguided by now
it's against my standards

the personal, art and is there
a drug for that?

he's not our fucking father!

are you laughing at me?

at least i could express it my way
doomed; are we doomed?

2-TWO MILLION PICTURES OF REALITY

the doctor is disabled etc.
live long losing love love
making many maybe me

severe shortage of shortages
temporarily thank them
then there there thinks
this through time

wait waiting wasn't well
when where which
who will be wiped
out

worse year years you yours

corporation cat heated
vaccine time, sham
forces

go ration july

[click here for health insurance](#)

maybe severe
long lose
indonesia

time is waiting for a chart
economics and wondrous
transitions

justice is unheated housing

book II: the lady on reflection is yours
how many?

jobs can afford accessible dole annual populations

i can be your benefits

lawyers with 2 million pictures of reality

i can get a job for 32 worse years either time

spiritual populations in dentists deposit
dignity white paper force the self long
taxes

economic and polite temporarily
dentist for time, gentle dentist for
maybe

exam and xrays, the EARTH CHANGES
there's a shortage of shortages
average average average

EARTH CHANGES the drum

3-DONALD TRUMP IS SO UNHAPPY

donald trump is a very goal
donald trump is gettin' jiggy wid it
donald trump is a true american
donald trump is flamboyant
donald trump is the face of
donald trump is fun to play with
donald trump is facing a grudge fight
donald trump is stealing donald trump's business
donald trump is as shallow as a rain drop
donald trump is such a wannabe it's not even funny
donald trump is not running for president
donald trump is very high
donald trump is fixing the intersection
donald trump is a character from the comics
donald trump does not want to shake hands with
anyone
donald trump is a golf club
donald trump is unlike gekko
donald trump is so unhappy
donald trump is highly debatable
donald trump is in the catskills
donald trump is the only person that will ever interest
donald trump
donald trump is using it
donald trump is a donald
donald trump is a good politician or not

4-DOOM PARTY

what is in a secret?
your hometown was
ridiculous

trump is 2016 doom party
trump is from queens and
he could use some sleep

sleep and slowly kill u
u are ready for
bulldozers

trump is our hand slowly killing
a thinking shadow, my favorite
line

a problem in 1969
or sleep now, my past
is like a mistake

my ridiculous life
my shadow makes
more sense

trump is a father of trees
i'm sorry, mom; a wedding
for cheating

covertly undermining u
my shadow makes a
question

5-TELL ME WHAT U KNOW

baby baby, i'm telling u that they complain to me
i tell u, u must die, i tell u so beneath a moon of
2 brown men falling hard

turn your watch upside down in bombay
in the midnight hour, tell me what u know

did u mean idiot poems?
five and half hours of time
zones

go fuck yourself, america

the first wisps of power reached her
let me cringe in your new shell
it's easy to die in 15 hours

a reason to smile
i am a moron

i miss u she said, in a new york accent
i hurt for the good of the arsenal
just believe me

i am so big poppa e is the leader
of the new wussy boy movement
i miss u and i miss courage too
he was a good cat

winter dreams and she is probably
the most calculating person u will
ever meet

this person is a moron and i've been thinking

he's been missing factual opinions

new york, new york; stop shouting
or you'll make me deaf on top of it
just be quiet and keep your little
monologue to yourself

smile at people when they're trying
to put u on the spot; crazy days and
nights

the whole wild world
i'm going to take a stand
and say they're no good

never kill a boy on the first date
unless u want your prop ending
up as a duraflame log

i will melt your heart but take away
my first name and i will tear u apart

nov. 9, 2016, just go fuck yourself
you racist piggy white power pieces
of shit

i'm what they call a word person
so forgive me if i am spewing
phrases like don't let the dog
lick your privates

the task just doesn't come naturally to me

6-THE LAST PARADE (with spencer selby)

i am worse inside than the last parade
i am not documentation
i am a mistake

anxiety bladder, he actually takes my world
u are down a shadow; winter breaks
bullshit my fear is amazing to its self, since
itself

ira hell kitchen; i snapped at 8 am
this couldn't sleep, remember
be my sleep

another book end or traditions
i am fucking ahead of all the
cards

4 insomniacs were overdramatic
man, even my twilight is a catastrophe

the colonoscopy was scared
baby clinic, shrink sleep
all art is ovarian cannabis

my shitty potential escapes
i terminally fear your money
shadow blood, to hell with this

your face across fucking parallels
unforbidden pleasures against
your face

abdominal woman, the kind
that don't get out of bed
sounds voluntary

i will die counting everything
fear spreads the world between
my sauna system

fanatical hate has nothing

my diary sleeps at the fear clinic
my rational juicer is overreacting
church stress

a drug greater than a drug
pelvic death charts inspiring
the town

i am failure, dying of ideas
breast wimp, ukraine science
i am objectively happy

chateau faith, overdramatic antihistamines
the church library kills, the magnesium worried
radiation glimmer

generic ham, know your soup likes the system
the xrays were crazy, i'm done with way anymore
big bad wednesday

i'm just not the future

7-THIS TOPIC

she became a national celebrity
when she happened upon a shocking
sight

delighted viewers across the internet
also received a considerable amount
of flak

it's animal cruelty like this topic
of chinese food

the solstice, especially the solstice
especially the holidays

like this topic of lifestyle

her career might be hectic
but her decor is incredibly
calm

like this topic of world deadly blast

this topic of learning more in 1 second

holiday shopping without the stress windows
best buy dislikes the u.s.

she was famed for standing on stones
in the hospital

your skin begins in the kardashian klan
you're exposed to things like hair extensions

hells angels, tony bennett, payroll software

dolly parton, the walking dead, mostly cloudy
low sun, low yahoo, high low

like this topic is sponsored by tiger wood's
daughter

what could be more interesting than knowing
everything?

like share tweet dislike after months of reported
issues

forbes likes this topic

dislike u.s.; didn't even know hair extensions
existed when we were 4 years old, 11 facts
797 messages

9% 63% 28%, have a cup of coffee and watch the
world

like this topic of sponsored lost dog on freeway was
hiding a heartwarming
secret

trump has political sensibility
marketing directory of the winning
uterus

8-TRY NOT TO THINK

my dreams are slipping away under an unresponsive government. command centers are green pea soup and apple. the wall street journal is silly in the middle east. there are thousands of pigs to pop. it would cost an awful lot. we can diminish it by talking of pollution. i'm angry when we have a president again and again. hillary is in the water. it diminishes and we go back. it's possible to not try to think or remember.

9-CATHOLIC EYE PARTY

there goes the meaning
rare and sensible

summer continues to have stupid joblessness
normally maurice is an irish republican

imposed time against consistent men
usa international, large failure
the power of religious police

catholic eye party
the police officers
smile at the question

afghan shrugged, hardly penetrated by
sven

inspire and inspire, one ray of imprint
citizens now, take a tuesday, radical-
islam her

u are acting like litter
berlin is unpleasant?

people's arms hold further holocaust
general secretary of the changed
decision

unemployed combat dog teams blocked nato
